

Art and design

Here at All Saints and St. Margaret's Schools, we believe that art and design are a vital part of our pupils becoming creative, thoughtful learners. We endeavour to inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art. They will also learn specific skills and knowledge during their time at our schools.

- Children develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space
- Children use sketch books to record their observations, practice skills and use them to review and revisit ideas and artists
- Children improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials
- To know about some of the great artists, architects and designers in history.
- To know about local artists past and present
- Inspire children to pursue art activities in their own time or future lives
